INTRODUCTION

In Derbyshire the strategic coordination of community safety on behalf of the local Community Safety Partnerships (CSPs) takes place through the Derbyshire Safer Communities Board (SCB). In two-tier local authority areas such as Derbyshire there is a requirement for a county strategic group (SCB) to prepare a Community Safety Agreement (CSA) on behalf of the community safety 'Responsible Authorities'. The Community Safety Agreement and Action Plan reflect the national and local priorities and takes full account of the need to plan and implement for significant legislative changes that impact upon community safety, criminal justice and the wider roles and functions of public, private and voluntary sector organisations.

The 'Responsible Authorities' are: all Local Authorities, the Police, Fire and Rescue Authorities, Health Clinical Commissioning Groups and Probation Trusts. They are required to develop policy and operational approaches to prevent crime and disorder, combating the use of drugs, alcohol and other substances, anti-social behaviour and other behaviour likely to adversely affect the local environment and to reduce re-offending.

The SCB also oversees a number of key strategic groups that coordinate activity relating directly to the countywide priorities and is a key strategic link to the Office of the Police & Crime Commissioner (PCC) for Derbyshire to ensure a joined up approach to shared priorities also reflected in the PCCs Crime Plan.

Community Safety responsibilities are primarily set out in the Crime and Disorder Act 1998 (as amended), with specific reference to s17 of the Act, as well as the Police and Justice Act 2006 and the Police Reform & Social Responsibility Act 2011.

It has been recognised that community safety partnership working has been successful in contributing to reducing crime over many years and partnership working in Derbyshire remains strong. However, with significant pressures on public sector funding affecting all Responsible Authorities moving forward and legislative changes in criminal justice and community safety there is a real impetus to work in a more focused and smarter way.

The SCB has identified its priorities for 2014-17 through a joint strategic threat and risk assessment, which will be refreshed annually. The Agreement [and updated Action Plan for 2016-17](#) identify how partners in Derbyshire will work together to reduce crime, disorder and substance misuse through closer joint working across the county.

Councillor Julie Hill
Chair Derbyshire Safer Communities Board

1. OVERVIEW

Derbyshire covers some 255,000 hectares and there are strong contrasts between the rural west and urban east. The County (exc Derby City) is home to 779,804 people. Compared to England as a whole, Derbyshire has an older average population, with 20% of Derbyshire's population aged 65 or more. Derbyshire's population has grown at a slower rate (0.5%)[2013 – 2014] than both the East Midlands region (0.8%) and England (0.8%). 95.8% of the population of Derbyshire classify themselves as being 'White British', compared to 79.8% nationally.

The industrial structure of Derbyshire, expressed in terms of the percentage of jobs in each sector, differs markedly from the national pattern. Manufacturing industry now provides 17.9% of all jobs in the county, which although showing a decline since 2001 when it stood at 23%, is still higher than the region (12.9%) and nationally (8.5%).

In 2014-15, over half (55.9%)[2014-15] of young people in Derbyshire achieved five or more grade A*-C GCSEs including Maths and English. This is a similar proportion to that for the East Midlands region (54.2%)[2014-15] and that for England (53.8%)[2014-15]. Although the unemployment rates are falling, the proportion of unemployed persons who are aged between 16-24 years at (20.4%), is higher than the national rate of (17.2%) **note this data is not comparable as the school leaving age was raised to 18 so therefore the figures are measured differently. However the figures provided are accurate as at Dec 2015. There are around 36,090 [May 2015] people in the county of working age who claim Employment & Support Allowance, Incapacity Benefit, or Severe Disability Allowance. This represents 4.62% [May 2015] of the county's working age population.

Crime in Derbyshire

Derbyshire continues to be one of the safest counties in the country, and results from the Citizens Panel survey in 2014 and 'Have Your Say' surveys in 2013 show that people continue to feel safe. People were less worried about physical attack than they were of having things stolen from their home or car.

Although overall crime has been falling for the past few years (down 4% between 2012-13 and 2014-15), the reduction has slowed and is now static. Violent crime and sex offences have increased in most areas of the county, as has vehicle interference, thefts from vehicles and personal robbery. These increases were partly offset by reductions in other forms of stealing such as shoplifting.

The number of domestic violence crimes has increased and now accounts for one in ten crimes in Derbyshire and over half of all violent crimes. There were 3, 506 crimes of domestic violence recorded in 2015 in the County involving 3,048 separate victims. We

have had increased referrals of high risk cases into Multi Agency Risk Assessment Conferences (MARAC) and the threshold for determining a referral to MARAC has been reduced locally in line with national guidance. Alcohol is a factor in around one third of domestic violence cases. MARACs bring together multi agency partners to provide support and management for victims who are at the highest risk of serious harm.

Overall, alcohol is a key factor in about half of all crimes, and a high proportion of Anti Social Behaviour (ASB) reported is caused by the irresponsible consumption of alcohol. As more than a quarter of adults in England drink at hazardous levels, the links with alcohol and the night time economy continues to be a major focus. A concern for Derbyshire is under-age drinking and to combat this test purchase activity during 2013-14 resulted in a sale at 8.5% of off-licences and 34% of on licence premises. The premises were selected on an intelligence basis and resulted in some premises having conditions placed on their licences.

The number of people in effective drug treatment has [remained stable in the past two years](#) and wait times for entering treatment have consistently been met. Planned discharges and successful completions from adult drug treatment are, however, still low. There has been a [decrease](#) in both drug offences and seizures. Proactive enforcement activity within the night time economy has led to conditions being imposed on some licensed premises. New psychoactive substances (NPS) use amongst the young is increasing and is linked to the night time economy, with a 400% increase in on-line shops selling NPS in the past year.

The Derbyshire drug related death rate is slightly higher than both the regional and national rates. Nationally around one-third of acquisitive crime is believed to be undertaken to fund drug use and as such managing offenders and their behaviour remains a priority in relation to tackling acquisitive crime.

For the 12 months ending June [2015](#), effective multi-agency cooperation and management of the Integrated Offender Management (IOM) cohort has led to a [30.2%](#) reduction in all offences committed by this cohort in the County. [We are now in Year 5 of the scheme and the current performance to December 2015 is a reduction of 40.4% or 199 fewer offences across the County.](#)

In [2014](#), there were [56](#) Organised Crime Groups (OCGs) in Derbyshire, involving [517](#) individuals, who were managed by the Police Organised Crime Group Management Unit. The OCGs operated over a broad spectrum of criminality. There are now in place, Organised Crime Partnership Boards (OCPBs) in each of the three Force Divisions - Derby, Buxton and Chesterfield. This follows on from last year's plan to develop a robust partnership approach to tackling OCGs in Derbyshire in line with the new national OCG Strategy.

In Derbyshire, Organised Immigration Crime, Human Trafficking and Exploitation (OICHTE) is evolving and it is clear that trafficking does not occur exclusively in urban areas. Human trafficking cases involve the movement of people into or within countries and regions that they are not familiar with. Many of the victims are unfamiliar with and often mistrusting of authorities e.g. police, partners. A large amount of work is now planned to increase knowledge and awareness of OICHTE in Derbyshire. This includes the development of a County/City wide trafficking partnership, the development of training and awareness raising for professionals, bringing perpetrators to justice and the protection of the victim by reducing the risk of serious harm, building trust and confidence and protecting them from future victimisation.

With Derbyshire having a higher than average increase in people aged 85 and over, the ageing population is increasing pressure on services provided to adults at risk. More than 35% of referrals to safeguard adults are for victims who are over the age of 75. Referrals concerning physical abuse and financial abuse are significantly higher than other types of abuse. Adults at risk of harm are most likely to be a victim within their home.

The impact of abuse on children can be life-long and self-perpetuating into future families. Unhappy family situations increase the risk of children coming to harm, and low level neglect may indicate greater problems within the family. The main risk to the younger child is of violence, primarily from the father who accounts overall for one third of offenders. As the children mature and are more independent, girls in particular are at increased risk of Child Sexual Exploitation (CSE). CSE in the form of cyber-crimes is expanding as the use of the internet becomes more widespread.

Nearly three-quarters of children on the 'at risk' register live in households where domestic violence is occurring. Offenders who impact negatively on the lives of children they live with have been identified within both the Integrated Offender Management (IOM) and the Troubled Families programmes.

Cyber-crimes are those crimes committed, in full or in part, through a computer, computer network or other computer-enabled device. Most cyber-crimes are carried out for financial gain and are a type of fraud. Where the reason is not financial, the most common reasons are for the sexual exploitation of children or to harass the victim. A significant increase is expected in both cyber-crime and the proportion of fraud that is cyber related, as criminals feel it offers apparent anonymity and provides them with greater access to potential victims. Further work is needed to understand the scale and impact of this crime type in Derbyshire.

Anti Social Behaviour (ASB) has been a key area of concern for all communities and this regularly reflected in local surveys and contact with locally elected members. Whilst the threat around ASB remains, the risk has been reduced due to the level of partnership working in this area over a number of years. It is still essential however, to maintain support for this priority moving forward in order to continue to mitigate the threat.

Partnership Working

Derbyshire is recognised for its strong partnership working. The need to continue to support a partnership approach to crime and anti-social behaviour is crucial in the current climate of austerity with limited resources across all public sector agencies and massive changes in the way in which some public services are delivered. The Derbyshire Partnership Forum manages partnership activity at the county level through a number of Boards, one of those being the Safer Communities Board.

The role of the Safer Communities Board is to give strategic leadership and direction to tackle crime, disorder and the impact of substance misuse, to identify priorities to feed into the Community Safety Agreement and to help to co-ordinate the work of district and other partnerships tackling community safety issues. Board membership comprises the Chairs of the eight district Community Safety Partnerships (CSPs) and the County Council Cabinet Member responsible for Health & Communities, as well as chief officers from the Police, Fire & Rescue Service, Probation Service, District Councils, the County Council and Health Clinical Commissioning Groups and representation from the voluntary sector.

There are currently eight district based CSPs - Amber Valley, Bolsover, Chesterfield, Erewash, Derbyshire Dales, High Peak, North East Derbyshire and South Derbyshire. However, the current financial climate is dictating a need for more joint working and the sharing of resources across the eight CSPs. The Local Criminal Justice Board, the County Substance Misuse Commissioning Team and the Youth Offending Service are other key partnerships which also support the work of the Safer Communities Board.

At county level, community safety services are managed within the framework of the Safer Derbyshire Partnership based at County Hall which incorporates the County Council Community Safety Unit, the Partnership Research and Information Team, the Substance Misuse Commissioning Team, the Police Crime Prevention Design Advice Team, the Service Manager for Domestic Abuse, the Integrated Offender Management Scheme Project Manager, as well as Police and Fire Officers. The purpose of the partnership is to ensure wider communication and joined up delivery of key services and initiatives.

The Safer Derbyshire Partnership has responsibility for ensuring that plans are in place to deliver outcomes in relation to the identified CSA priorities. It also co-ordinates plans, projects and governance arrangements at a county level to assist delivery at local CSP level, ultimately preventing a duplication of effort and bringing about consistency in the delivery of some services across the county. CSPs are able to utilise Safer Derbyshire resources to identify areas of work which can be shared, and to work more closely on specific thematic issues.

Since November 2013 we have been working closely with the Office of the Police & Crime Commissioner for Derbyshire to ensure a joint strategic approach to shared priorities.

2. COMMUNITY SAFETY AGREEMENT PRIORITIES 2014-17

Nationally there is a new approach to crime that involves a shift of power from central Government to local communities. MORI Surveys, our local Citizen Panel Surveys, the Police Have Your Say Survey and feedback from community forums, alongside identified national issues have informed the priorities for this Community Safety Agreement.

Locally, in partnership with the Police and Derby's [Community Safety Partnership](#), Safer Derbyshire undertakes an annual joint threat and risk assessment. This assessment process identifies the priority areas in relation to crime and community safety for the partnership to focus on over the following 12 months. A draft assessment highlighting fifteen local priority areas was considered by partners in detail during October 2013 and initially scored in relation to threat and risk around each identified area. There was a joint agreement to focus on the top eight priorities moving forward due to reducing resources. However, Anti-Social Behaviour, although not in the top eight, was deemed to be a priority for all Community Safety Partnerships across Derbyshire and as such has been included in the Agreement. (ASB actions under Safeguarding Adults section).

In November 2015 countywide partners considered the identified priorities and re-scored them. It was agreed to merge drugs and alcohol into one priority area 'Substance Misuse' and to increase focus around Counter Terrorism in light of recent events and current high profile, especially in relation to Prevent. During the course of 2016 a full threat and risk assessment will be undertaken to inform the priorities for a new Agreement in 2108.

Below is a summary of the priority areas identified.

Priorities 2016-17
Anti-Social Behaviour
Counter Terrorism
Cyber-crime
Domestic Abuse
Organised Immigration Crime, Human Trafficking and Exploitation
Organised Crime Groups
Safeguarding Adults
Safeguarding Children

Serious Acquisitive Crime/Offender Management

Substance Misuse (Drugs & Alcohol)

4.PERFORMANCE

Performance Management

The Safer Communities Board does not set targets but does monitor activity, agreed outcomes and performance data in relation to all nine priorities, together with information about overall crime figures. The Safer Communities Board meets three times a year and receives a comprehensive performance report at each of its meetings.

Where partners find themselves struggling to meet their commitment to achieve agreed outcomes it will be expected that they update the Board on their current activity against those commitments. This would include where projects are vulnerable and risk failing to achieve their purpose.

Action Plans

An action plan has been developed outlining the activity which will take place to mitigate the risks in relation to the nine identified priorities following on from the full threat and risk assessment discussion in November 2013 attended by a number of countywide partners. The county action plan is attached at Appendix A [and has been updated for 2016-17](#).

3. BUDGET

In April 2013 former Home Office community safety funding transferred to Police and Crime Commissioners (PCCs). Locally PCCs decide their budget allocations against their own priorities and funding criteria. In Derbyshire the PCC continues to invest in local partnership arrangements and projects.

Despite significant budget reductions partners in Derbyshire are still committed to protecting services for those most at risk and vulnerable, wherever possible. In addition, we continue to focus on rehabilitating offenders in order to reduce crime and the number of victims in Derbyshire.

4. DATA SHARING AND RISK MANAGEMENT

Data Sharing

The Crime and Disorder Regulations 2007, Prescribed Information Regulations 2007 No.1831 (England and Wales) 'Information Sharing Regulations' govern the data sharing requirements of the responsible authorities. Information to be shared is specified for the Police Force for each area, the Fire and Rescue Service, Local Authorities and health partners (the whole or any part of whose area lies within the county area).

Risk Management

The Safer Derbyshire Research and Information Team has developed Neighbourhood Profiles. The intention is to bring together crime and disorder performance figures with demographic data to assess the likelihood and impact of crime and disorder upon a particular community.

By identifying the nature of a community's vulnerability and managing that risk, the targeting of resources will be increasingly more sophisticated.

The Agreement and Action Plan will be published on the Safer Derbyshire website.

Appendix A – Action Plan

Domestic Abuse

Issue	Action	Owner	Update
<p>1. Need to ensure formal agreements for police and partner information sharing, particularly around repeat and serial offenders and ensure that the County maintains a Voluntary Perpetrator Programme (currently being run by Derbyshire Domestic Violence and Sexual Abuse Service - DDVSAS) which is effective in supporting the joint approach repeat/serial offenders.</p>	<ul style="list-style-type: none"> • Develop formal information sharing agreement for repeat and serial perpetrators. On-going. • Support a bid by DDVSAS to continue to provide a County voluntary perpetrator's programme for repeat/serial offenders and ensure a consistent approach is adopted across the county. • Consider other perpetrator schemes such as the Conditional Cautioning Pilot in Hampshire in conjunction with the police and third sector. 	<p>Lisa Morris – DCC Community Safety DCI Malc Bibbings & Supt Paul Callum - Derbyshire Constabulary DV Governance Board</p>	<ul style="list-style-type: none"> • DDVSAS is submitting a second Big Lottery application to continue to the voluntary perpetrator programme for the County. It is also considering developing a same sex programme and one for female perpetrators. Under spend will be used to extend the current programme beyond 31 March whilst awaiting the Big Lottery decision.
<p>2. Anticipate any issues relating to the new County domestic abuse services from 1.4.2016 and ensure that all agencies are aware of the Helpline number as the new single point of access into services in the County.</p>	<ul style="list-style-type: none"> • Develop joint County/City communications to ensure clarity around access to services in both the city and county for victims, friends and family and professionals. 	<p>Lisa Morris - DCC Community Safety Jackie Costello – Derby City Mary Bosworth – OPCC DV Coordination Group</p>	<ul style="list-style-type: none"> • This will form part of the 2016/17 wider DV/SV communications plan.
<p>3. Ensure delivery of the refreshed DV & SV Strategy & Action Plan for 2014-2017 reporting to the DV & SV Governance Board as required.</p>	<ul style="list-style-type: none"> • Develop 2016/17 delivery plan inclusive of the following actions: <ul style="list-style-type: none"> - Develop a robust communications plan focusing on rebranding of the domestic abuse helpline and campaign specific to domestic abuse and substance misuse. - Develop appropriate method of 	<p>Lisa Morris – DCC Community Safety Jackie Costello Derby City via the DV/SV Co- ordinating Group</p> <p>Sally Goodwin & Lisa</p>	

	<p>working with repeat and serial perpetrators.</p> <ul style="list-style-type: none"> - Deliver McKenzie Friend training to allow victims to be supported at civil and family courts. - Roll out domestic abuse awareness training and develop sexual violence awareness training. • Work with the OPCC to integrate the newly commissioned SV service with other services in the County and monitor impact of services 	<p>Morris – DCC Community Safety via the DV/SV Governance Board</p> <p>Mary Bosworth - OPCC</p>	
<p>4.. Need to understand the impact of the national requirement to roll out DV Protection Orders (implemented in June 2014) and the Disclosure Scheme (implemented in March 2014) in Derbyshire.</p>	<ul style="list-style-type: none"> • Both schemes successfully rolled out but numbers providing feedback have been limited so full evaluation delayed to 2016. Will report to the DV/SV Governance Board. 	<p>DCI Malc Bibbings Derbyshire Constabulary Lisa Morris – DCC Community Safety Jackie Costello – Derby City</p>	<ul style="list-style-type: none"> • The task and finish group has agreed to conduct satisfaction surveys on a case by case basis as orders are granted. This will allow contact to be made in a more timely way and for appropriate support to be offered.

Substance Misuse (Actions form part of the H&W Board's Strategic Substance Misuse Plan)

Issue	Action	Owner	Update
<p>1.Need to ensure that local websites contain accurate information on substances & health warnings are distributed swiftly to service users</p>	<ul style="list-style-type: none"> • Working with Public Health develop effective and efficient mechanisms to ensure alerts are disseminated appropriately and in a timely manner. 	<p>Christine Flinton – DCC Community Safety Insp Nick Gamblin – Safer Derbyshire Rosalie Weetman – DCC Public Health</p>	
<p>2.Delivery of the 'Intoxicated' Action Plan which incorporates the Alcohol Diversion Scheme, Restorative Justice pilot and training for</p>	<ul style="list-style-type: none"> • Evaluate the impact of the roll out of the accredited training – 'Award in Responsible Retailing of Alcohol' and agree the value in continuing 	<p>Christine Flinton – DCC Community Safety Insp Nick Gamblin –</p>	

licensees.	<p>this programme moving forward.</p> <ul style="list-style-type: none"> • Monitor the Alcohol Restorative Justice project and schedule an evaluation to measure its impact and effectiveness. • Continue to monitor the Alcohol Diversion Scheme and make appropriate interventions where applicable. 	Safer Derbyshire	
3.Undertake targeted activity to address vulnerability and risk in relation to alcohol related violence and sexual violence.	<ul style="list-style-type: none"> • Research best practice in addressing vulnerability with 16-34 year old females, who local analysis suggest are at higher risk of becoming victims of sexual violence with the view to developing a local response. • Research best practice in addressing the issue of consent with 18 – 34 year old males, who local analysis suggests are more likely to be perpetrators of sexual violence, with the view to developing a local response. • Research best practice in relation to the prevention of violent crime within the night-time economy with the view to enhancing our local response. Specific attention should be given to considering repeat offenders. 	Christine Flinton – DCC Community Safety Insp Nick Gamblin – Safer Derbyshire	
4.Need to consider evidence-based harm minimisation activity in relation to controlled drugs, and deliver/commission services within	<ul style="list-style-type: none"> • Identify good practice for undertaking harm minimisation work within the NTE and with recreational drug users and 	Christine Flinton – DCC Community Safety Insp Nick Gamblin –	

the night time economy (NTE).	deliver a local project.	Safer Derbyshire	
-------------------------------	--------------------------	------------------	--

Serious Acquisitive Crime/Offender Management

Issue	Action	Owner	Update
<p>1. Need to ensure that the Derbyshire IOM Scheme remains relevant taking into account the national and local changes and challenges and managing risks appropriately and continues to deliver ongoing reductions in reducing re-offending</p>	<ul style="list-style-type: none"> • Roll out ECINS multi-agency case management system across Police & HMP Nottingham initially and thereafter with Probation Services • Undertake a review of those offenders who have been on the cohort for 4 years plus. Identify offending patterns and needs in order to ensure appropriate access to services/provision which will support them to reduce their reoffending. • Review the pathways which have been put into place to ensure more robust links with the management of both Serial and Repeat DV Offenders and MAPPA offenders. • Review requirement and pathways to alcohol services on release from custody. Confirm if this is being picked up as an issue by the 'Through the Gate' teams. • Ensure ECINS is used as an opportunity to adequately capture data for cross reference with Troubled/ Priority families 	<p>Christine Flinton – DCC Community Safety & Sgt Sally Turner – IOM Project Manager via IOM Steering & Implementation Group</p>	<ul style="list-style-type: none"> • Domestic Abuse and IOM review completed to consider commonality between the IOM cohort and Serial/Repeat DV perpetrators. Continual review to confirm that the pathways created to ensure adequate exchange of information are effective. • To ensure close links between MAPPA/IOM are maintained relevant reps will attend each other's Strategic groups so actions complement the interests of the separate schemes

	<p>and develop joint approaches where appropriate.</p> <ul style="list-style-type: none"> • GPS Trackers provided via Buddi contract have come to an end. Explore alternatives via Police Regional Procurement Framework and initiative running in Durham • Positively promote IOM using case studies to highlight benefits and success of the scheme. • Consider impact of IOM on those who have been long term members of the cohort as an opportunity to identify what added value IOM brings. 		
--	--	--	--

Organised Immigration Crime, Human Trafficking & Exploitation and Organised Crime Groups

Issue	Action	Owner	Update
1. Need to better understand the prevalence of modern slavery, trafficking and exploitation across the County and further develop processes and support for victims, including support for police enforcement operations, which reflect needs via the joint city/county Modern Slavery Partnership	<ul style="list-style-type: none"> • Develop a full intelligence assessment to feed into the Strategic Intelligence Assessment which outlines the prevalence in Derbyshire • Commission Migrant Help to deliver modern slavery awareness training to first responders, partners and agencies, including Train the Trainer sessions. • Commission Red Cross and Jacobs Well (faith charity) to provide Pre NRM emotional support and advocacy and accommodation for victims. 	Michelle Collins & Sally Goodwin DCC Community Safety Supt Terry Branson – Police Pop Gill – Derby City Via the joint city/county Modern Slavery Partnership	<ul style="list-style-type: none"> • On-going actions • Migrant Help to deliver training to raise awareness of modern slavery across all partners, third sector, faith and communities. Migrant Help will facilitate two sessions of train the trainers sessions for key partners to cascade within their own organisations. It is anticipated that the training will commence in April 2016 • Task and Finish group developed to deliver awareness raising campaigns and events for

	<ul style="list-style-type: none"> • Develop multi-agency activities to prevent and disrupt opportunities that enable modern slavery crime. • Deliver communications campaigns to improve both public and private sector awareness of the signs of modern slavery. • Develop a modern slavery guidance toolkit for professionals. • Engage, support and empower faith groups, voluntary groups and charities, including homelessness charities/agencies to identify victims of modern slavery and to report / signposting to First Responders • Identify and engage suitable volunteers for language support. • Develop specialist support for victims through court proceedings with faith, community and voluntary groups • Encourage the sharing of information from divisional Organised Crime Groups to Operation Advenus (central intelligence hub) where slavery or exploitation is suspected in order to jointly tackle OCG related issues 		<p>partners and the public.</p> <ul style="list-style-type: none"> • Joint working with the Bishop of Derby to develop an event for businesses to raise awareness of modern slavery. • Red Cross and Jacobs Well (a faith charity) to provide essential emotional support, advocacy and short term accommodation (for a maximum of three nights) for victims of modern slavery. Also developed a referral pathway into pre NRM accommodation for potential victims of modern slavery.
