

Derby and Derbyshire Combined Authority

Anne Western
Leader Derbyshire County Council

Ian Stephenson
Chief Executive Derbyshire County Council

Derbyshire Partnership Forum 24 April 2015

Why a Combined Authority Approach for Derbyshire?

- New opportunity for local authorities to come together - complements not duplicates
- Develop local solutions and responses to local issues and meet local needs
- Separate legal entity to existing local authorities - not a merger or a unitary
- Devolved funding from Government
- Better positions Derbyshire as a place as a key player...not just about the city regions

Combined Authority Approach

- Undertaken strategic governance review
- Continued ongoing dialogue and liaison with Department for Communities and Local Government
- Under taken local public consultation
- Completed the review
- Submitted scheme to central government – the first two tier county to submit!

Combined Authority Ambitions

The five ambitions of the D2 CA are:

- **Supporting our Businesses: Jobs and Growth**
- **Supporting our People: Skills**
- **Supporting our Place: Transport**
- **Supporting our Places: Homes**
- **Funding our Future**

CA Proposed Work Streams

- Work streams focussed around the five ambitions and shared priority areas
- Overarching work streams for rural issues and links to other CAs
- Shared lead roles across the ten Derbyshire councils
- Support provided by cross-authority officer working groups
- Outcome based performance and progress reporting framework
